

FC-PC in-line Variable Attenuator Female-Female

Features:

- Low Insertion loss
- High attenuation range (variable attenuator)
- Connector type: FC-FC

Application:

- Variable type
- Low insertion loss deviation
- High precision and stability of attenuation value (variable type)

Specifications:

Operating Wavelength	nm	1310 and 1550
Attenuation	dB	0 to 30
Attenuation accuracy	dB	±0.1
Operating Temperature	°C	40 ~ +75
Storage Temperature	°C	40 ~ +85
